

**Suppliers of
Specialty Chemicals & Dyes**

K. PATEL INTERNATIONAL

(An ISO 9001:2015 & 14001:2015 Certified)

About Us

K. Patel International has been manufacturing and marketing the widest range of quality Fine Chemicals and Laboratory Chemicals in India since its inception in the year 1995.

We offer the best combination of quality, price, delivery schedule and corporate commitment. It is our policy to ensure that the products are environment friendly and do not create air and water pollution.

Quality Policy

KPI's primary objective is to satisfy its customers, which is implemented by adopting the right of Right Quality & Timely Delivery. KPI is also committed to implementing a Quality Management System as per the guidelines of ISO 9001:2015 and continually improving its effectiveness.

Why Choose Us

With over 25 years of experience, we offer a diverse range of premium chemical solutions. Our commitment to quality, timely delivery, and sustainable practices ensures we exceed customer expectations in every project.

Offering the Widest Range of High Quality Fine and Laboratory Chemicals

K. Patel International has entered in the worldwide Fine Chemical Industry by making use of the most advanced Technologies and a well organized highly technocrat staff works as a team to develop new products from Basic and Fine Chemicals to advanced material as per International Standards.

Explore our comprehensive Range of Fine Chemicals & Laboratory Chemicals

- **Lab Reagents, Stains & pH Indicators**
Precision Solutions for accurate lab results.
- **Ion Pairing Reagents**
Enhance chromatographic separation with superior reagents.
- **High Purity Metal Salts**
Ultra-pure salts for specialized applications.
- **Fine & Specialty Chemicals**
Tailored Chemicals for diverse industry needs.
- **Water Treatment Chemicals**
- **Amino Acids**
- **Sweeteners**
- **Other Specialty Chemicals**

PACKAGING

LAB REAGENTS
& METAL SALTS

BULK PACKAGING

MANUFACTURING FACILITY (SOLVENT)

Packaging for LR, AR, Gradient, HPLC Solvents

The bottles have KPI labels show-casing the name of the solvent, the grade it belongs to, the required specifications of the solvents, UN No., CAS No., Country of Origin as well as the necessary precautions to be taken at the time of usage or transit. These labels are printed as per the international standards. The bottles will be placed in a polystyrene box and packed in 5-ply corrugated box.

All our cartons are UN approved and adequate for export by sea and road.
